

Horizon™

LED Task Light

New LED Technology is on the Horizon

Humanscale's Horizon LED task light, a visually striking fusion of form and function, is the first utilization of Thin Film Technology™ in a task light. Using a series of high-intensity LEDs surrounding several layers of polycarbonate and optical films, Thin Film Technology produces an ultra-wide footprint of warm, glare-free 3000K light—excellent for ergonomic illumination and beautiful light in any environment.

In addition, Horizon's built-in dimmer control provides both energy savings and adjustable levels of illumination.

Features

- Striking, organic aesthetic complements any interior
- First utilization of innovative Thin Film Technology in a task light
- Even plane of illumination casts just one shadow
- Produces ultra-wide footprint of glare-free 3000K (warm white) light
- Spherical joints in the base and light assembly facilitate easy, intuitive positioning
- Seven levels of adjustable illumination increase the light's energy efficiency and ergonomic function
- Nightlight feature operates at just one watt
- Soft start and adjustment is easy on the eyes
- Robust, high-quality design ensures years of maintenance-free use

Specifications

- Power consumption: 11 watts
- Dims to 10% of maximum
- Lifespan: Up to 60,000 hours
- May contribute to valuable LEED-CI, -NC and -EB credits
- Made predominantly of recycled aluminum
- 95% recyclable content
- 10-year, 24/7 warranty

element VISION[™]
LED Task Light

Element Vision

Introducing the warmest, most beautiful light output ever seen from an LED task light. Utilizing cutting-edge advancements in MCX LED Technology, Element Vision produces a broad footprint of true-color, glare-free illumination—perfect for exceptional ergonomic lighting in any environment.

Beyond using just 7 watts of power, Vision's energy-saving features include an intuitive dimmer control for adjustable light intensity and a Passive Infrared (PIR) occupancy sensor that turns the unit off when the user leaves the area.

Features

- Single MCX LED casts just one shadow
- Produces a large footprint of ergonomic light
- Unique design maximizes light output, reduces glare, and increases the light's usable life
- Replaceable LED assembly allows for easy in-field repairs
- Dimmer switch provides adjustable illumination levels
- PIR occupancy sensor automatically turns the unit off when not in use, and back on when the user returns
- 19 mounting options suit virtually any work environment
- Universal power supply and interchangeable plug options accommodate global power outlets
- Perfect internal counterbalance provides effortless, one-touch positioning

Specifications

- Power consumption: 7 watts
- Color Temperature: 3000K
- Color Rendering Index: 85
- Lifespan: Up to 60,000 hours
- UL/cUL/CE certified
- RoHS/WEEE compliant
- Maximum reach: 28"
- Working height: 18"
- Finish options: Silver, White with Silver accents
- 80% recycled and 99% recyclable content
- May contribute to valuable LEED-CI, -NC and -EB credits
- 10-year, 24/7 warranty

element 790[™]
LED Task Light

Element 790

Element 790 is a higher-performance version of the most award-winning LED task light in the world, the original Element Classic LED task light.

With improved MCX LED Technology™, Element 790 delivers more light output than its predecessor. Using only seven watts of power, it produces light output equivalent to 90 watts of incandescent lighting—hence its name, Element 790. Additionally, an intuitive dimmer gives the user control over lighting levels for even greater energy savings.

Element 790

Features

- Single light source casts just one shadow
- Produces a large footprint of 3500K (neutral white) light
- Produces light output equivalent to 90 watts of incandescent lighting
- Unique, heat-shedding design maximizes light output and increases the light's usable life
- Replaceable LED assembly allows for easy in-field repairs
- Intuitive dimmer switch controls 7 levels of adjustable illumination for extra energy savings and control
- 19 mounting options suit virtually any work environment
- Universal power supply and interchangeable plug options accommodate global power outlets
- Perfect internal counterbalance provides effortless, one-touch positioning

Specifications

- Power consumption: 7 watts, utilizes only 0.5 watts in lowest setting
- Color Temperature: 3500K
- Life: 60,000 hours (L₇₀)
- UL/cUL/CE certified
- RoHS/WEEE compliant
- Maximum reach: 28"
- Working height: 18"
- 360° swivel from base
- 135° front-to-back head tilt
- 90° side-to-side head rotation
- Finish options: Silver, Black, White with Silver accents
- Up to 81% recycled and 99% recyclable content
- May contribute to valuable LEED-CI, -NC and -EB credits
- 10-year, 24/7 warranty
