console

[scanmagnetics.com](http://scanmagnetics.com)

La tierra no puede controlarse, pero nos permite comunicarnos.

We cannot completely control the earth, but global communication is now well within reach.

Fusionar la tecnología más avanzada con el diseño más vanguardista y con la máxima calidad, ha sido el elemento clave en el proceso de innovación de ADVANTIS, reflejo de la naturaleza que nos rodea, buscando la perfección en cada momento y situación.

The key element in the ADVANTIS's development has been the marriage of the most advanced technology in modular office systems and it's most up to date, modern appearance all to the highest standard. Our aim has been to reflect nature, in the way that it meets every requirement in an ever changing world, like that of modern business.

La tierra está en constante movimiento, orbita, gira, se desplaza...

The earth is moving constantly; turning and orbiting. In short it is continually adapting to changing demands and circumstances...

... en definitiva, se adapta, al igual que todos los sistemas y elementos de la serie ADVANTIS

...this is a concept we have transferred to all the components and systems of the ADVANTIS.

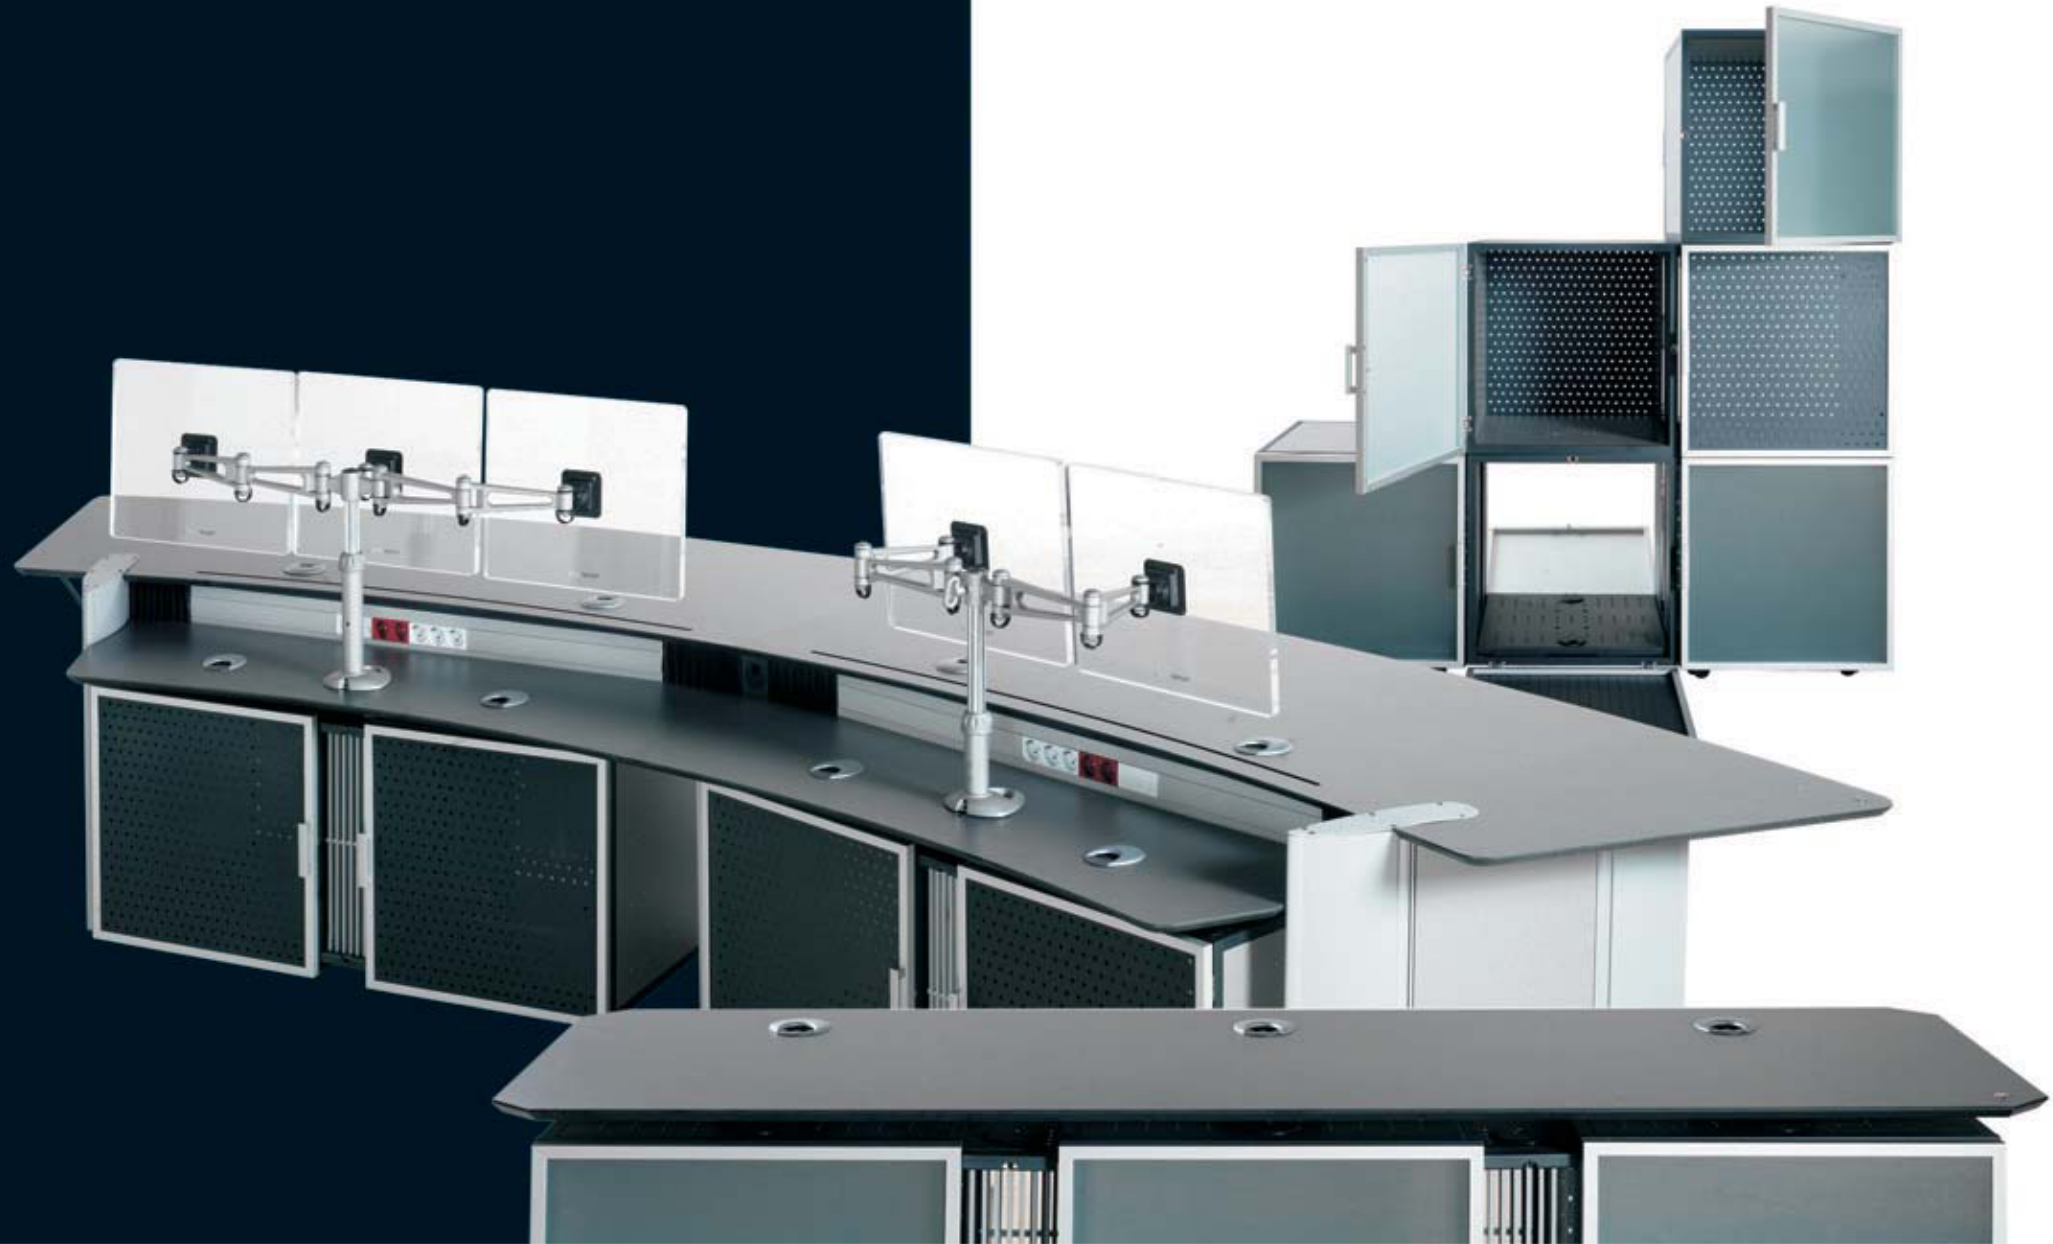

La superficie terrestre es de casi 150 millones de kilómetros cuadrados las nuevas tecnologías permiten controlarla casi al milímetro, pero es necesario tener una configuración ADVANTIS para realizarlo.

The earth's surface is almost 150 million square kilometers and new technology makes it possible to cover it with pinpoint precision. An ADVANTIS system is indispensable, in ensuring that this ideal becomes a reality.

La tierra posee un diámetro de 12.753 Km y la gravedad ha hecho que sea redonda, su forma ha inspirado el diseño de elementos y detalles de la consola.

The earth has a diameter of 12.753 Km, gravity has made it round, its shape has inspired the elements and details of the console's design.

Sólo la naturaleza supera en ergonomía a ADVANTIS, diseñado bajo las más exigentes normativas, cuidando cualquier detalle por insignificante que parezca.

Only Mother Nature herself can surpass the ADVANTIS, in terms of ergonomics. It has been designed to the most exacting standards, with care and attention lavished on even the smallest detail.

Un mundo de comunicación... un sistema de organización.

To achieve effective world wide communication... you need an advanced organization system.

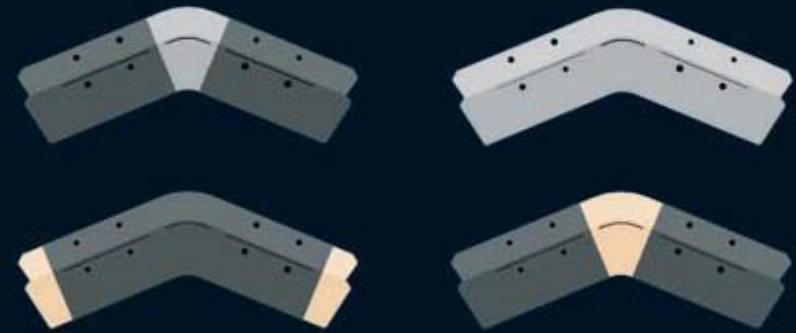

Es imposible superar la infinidad de formas, colores y materiales que hay en nuestro planeta, pero nos acercamos gracias a la flexibilidad, modularidad y adaptabilidad, capaz de satisfacer cualquier necesidad, estética y funcional, por exigente que sea.

It is impossible to surpass the variety of shapes, colors and materials that are present in the world of nature. However at Gesab, we have come very close, thanks to the flexibility, modularity and adaptability of the ADVANTIS. We are now able to meet all your requirements of a console, both functional and aesthetic, no matter how complex or demanding.

# advantis console

Aproximadamente el 71% de la superficie del planeta se encuentra cubierta por agua. La combinación de materiales de última generación con la pureza del cristal y unido a la tecnología más avanzada, permite crear soluciones innovadoras y con un alto valor añadido.

Approximately 71% of the Earth's surface is underwater. Combining the latest materials with crystal clear vision and the most up to date technology, we are able to create innovative system solutions with real added functional dimension.

El Everest con 8.848 metros de altitud, es el punto más alto de la tierra...

...ADVANTIS permite crecer en altura y aprovechar al máximo el espacio vertical .

Everest, at 8.848 m, is the Earth's highest point. The ADVANTIS console enables the users console...

...to grow in height and saturate in order to make best use of vertical office space.

Technical Service Area

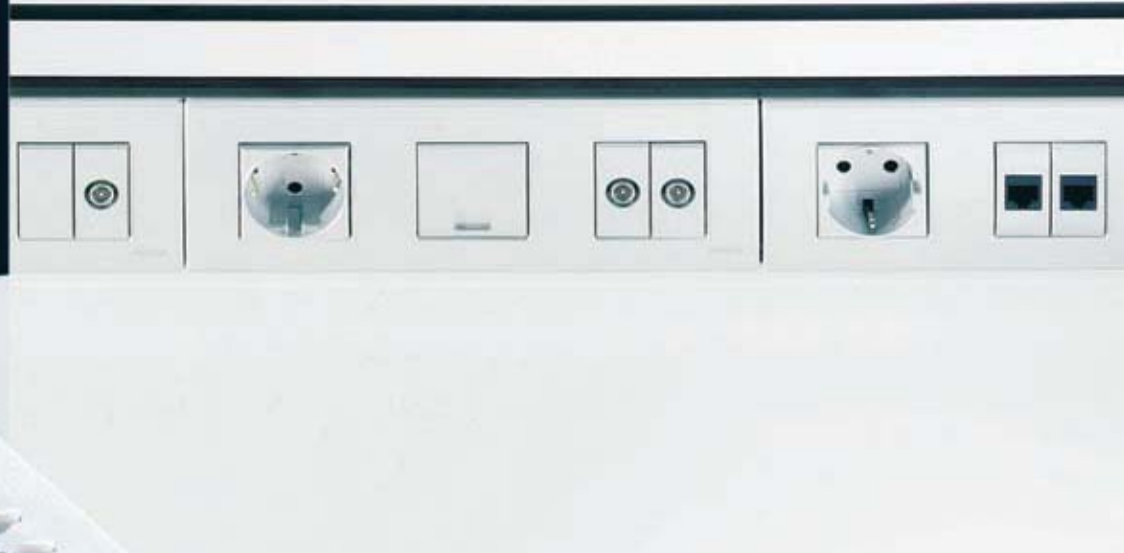

Los cuatro elementos: agua, aire, tierra y fuego están totalmente relacionados para armonizar la vida en el planeta. ADVANTIS Console une las cuatro técnicas empleadas para la organización y administración de todo el cableado y conexionado.

- Conexiones de Superficie.
- Área Técnica de Servicio.
- Conducción Principal.
- Canalización del Cableado.

The four elements: water, air, earth, fire are in intrinsically linked, thus ensuring harmony on our planet. The ADVANTIS Console unites the four main areas below, for optimum organization and administration of all connections and cabling.

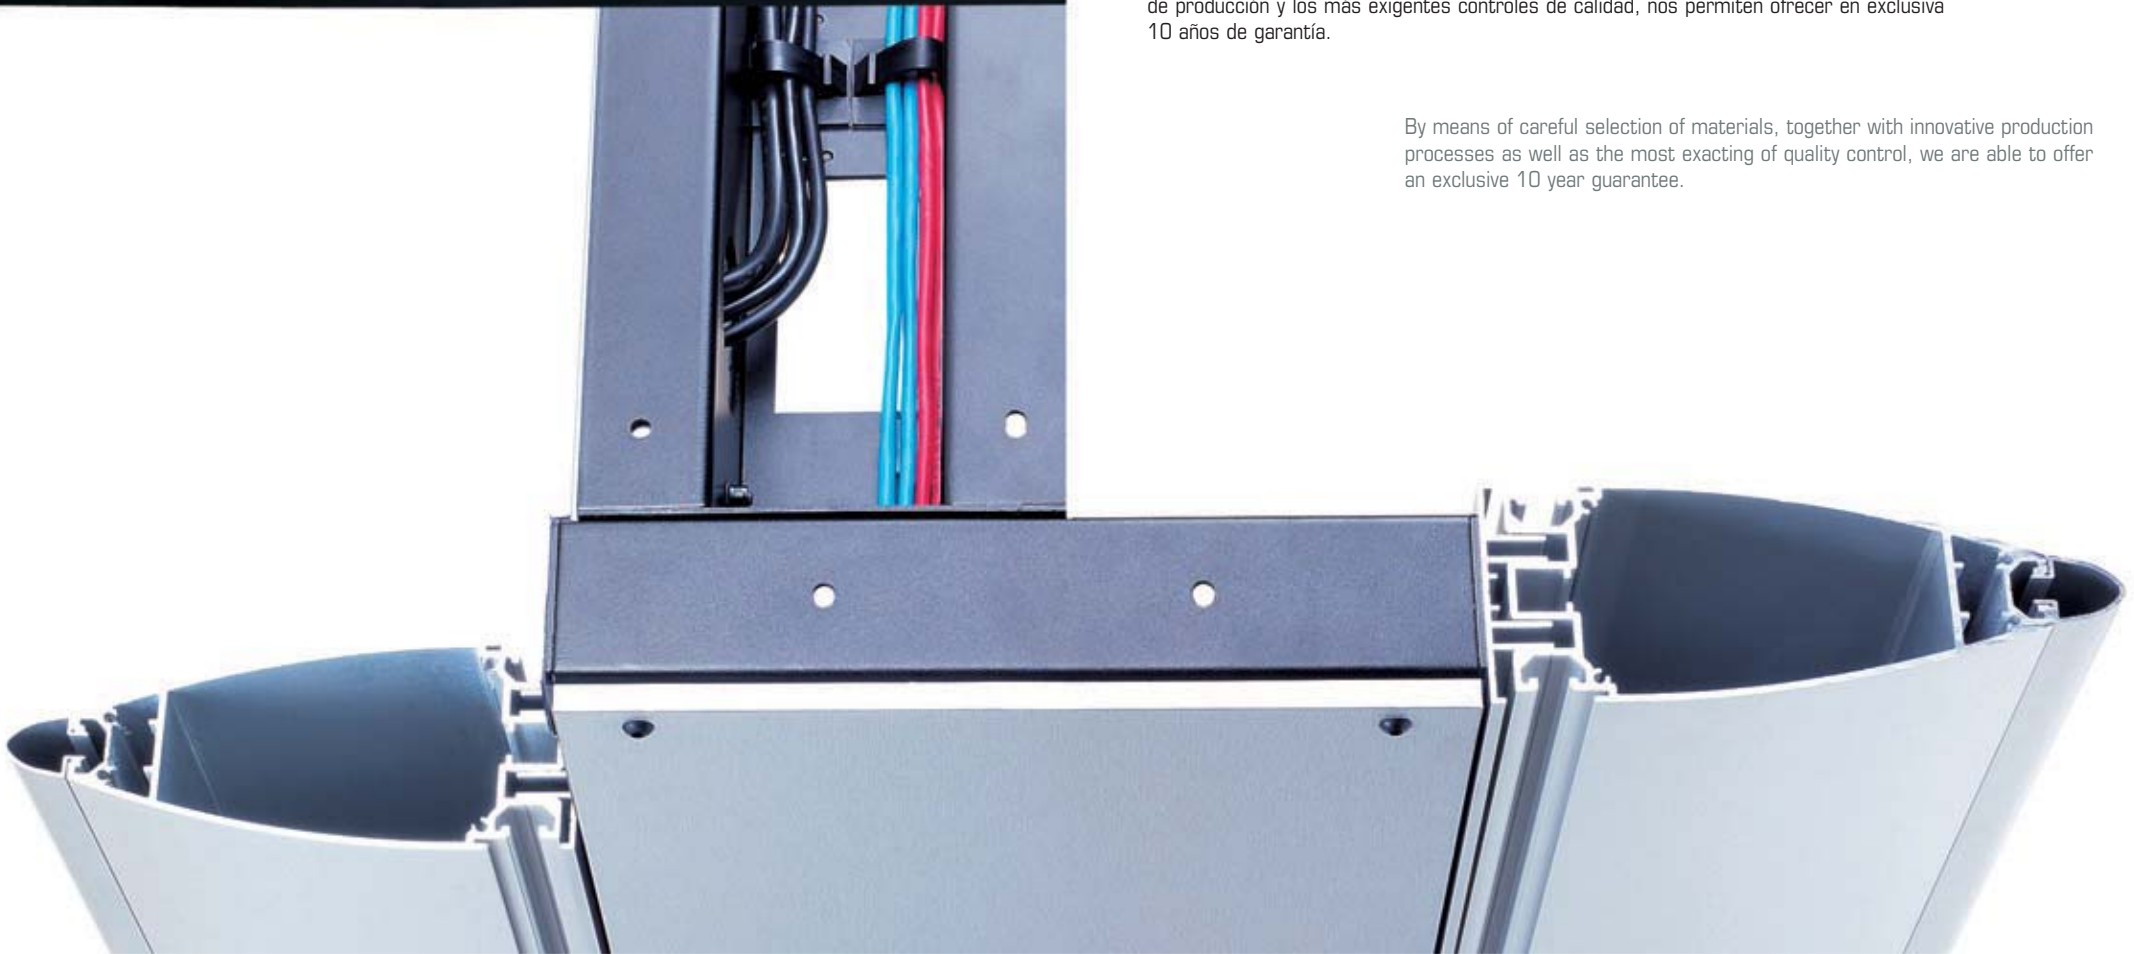

- Surface Mounting.
- Technical Service Area.
- The Main Unit.
- Cable Channeling.

Una estricta selección de los materiales empleados, la utilización de innovadores procesos de producción y los más exigentes controles de calidad, nos permiten ofrecer en exclusiva 10 años de garantía.

By means of careful selection of materials, together with innovative production processes as well as the most exacting of quality control, we are able to offer an exclusive 10 year guarantee.
